

## Child Safety Policy

### Rationale

At Rockbank Primary School, we believe in creating an inclusive school environment that is nurturing and forward thinking and that is a place where students feel safe, valued and listened to. This approach is reflected in our school values, which form the basis of our decisions and help us to positively shape our school environment to ensure we reflect this. We have put in place a series of structures, programs and processes designed to promote student engagement, improve student attendance and enhance student connectedness. The school values **Respect, Togetherness, Learning and Safety** are explicitly taught to all students and provide a common language across the school. At Rockbank Primary School we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school.

### Aims

The purpose of this policy is to demonstrate the strong commitment of Rockbank Primary School to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

This policy applies to school staff, including school employees, volunteers and contractors.

There is particular attention paid to the most vulnerable children, including Aboriginal and Torres Strait Islander children, children from culturally and/or linguistically diverse backgrounds, and children with a disability.

**Responsibilities and Organisational Arrangements:**

Everyone employed or volunteering at Rockbank Primary School has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all students is at the forefront of all they do and every decision they make.

The school has allocated roles and responsibilities for child safety as follows:

**Guide to Responsibilities of School Leadership:**

The Principal, the school council and school leaders at Rockbank Primary School recognise their particular responsibility to ensure the development of preventative and proactive strategies that promote a culture of openness, awareness of and shared responsibility for child safety. Responsibilities include:

- creating an environment for children and young people to be safe and to feel safe
- upholding high principles and standards for all staff, volunteers, and contractors
- promoting models of behaviour between adults and children and young people based on mutual respect and consideration
- ensuring thorough and rigorous practices are applied in the recruitment, screening and ongoing professional learning of staff
- ensuring that school personnel have regular and appropriate learning to develop their knowledge of, openness to and ability to address child safety matters
- providing regular opportunities to clarify and confirm legislative obligations, policy and procedures in relation to child and young people's protection and wellbeing
- ensuring the school meets the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

### **Guide to Responsibilities of School Staff:**

Responsibilities of school staff (school employees, volunteers and contractors) include:

- treating children and young people with dignity and respect, acting with propriety, providing a duty of care, and protecting children and young people in their care
- following the legislative and internal school processes in the course of their work, if they form a reasonable belief that a child or young person has been or is being abused or neglected
- providing a physically and psychologically safe environment where the wellbeing of children and young people is nurtured
- undertaking regular training and education in order to understand their individual responsibilities in relation to child safety and the wellbeing of children and young people
- assisting children and young people to develop positive, responsible and caring attitudes and behaviours which recognise the rights of all people to be safe and free from abuse
- following the school's Child Safety Code of Conduct.

### **Expectation of our School Staff – Child Safety Code of Conduct:**

At Rockbank Primary School we expect our community, school employees, volunteers and contractors to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection and to comply with all requirements. We have developed a Child Safety Code of Conduct, which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers and contractors for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

### **Student Safety and Participation:**

At Rockbank Primary School, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them. We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

### **Reporting and Responding:**

Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's **Mandatory Reporting Policy and Procedure** sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection

or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a 'reasonable belief' is formed
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law.

Our school has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student. Our complaints and disclosure processes are outlined and detailed in our complaints policy, discipline policy and the student wellbeing and engagement policy.

### **Screening and Recruitment of School Staff**

Rockbank Primary School will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant's history of work involving children
- obtain references that address the applicant's suitability for the job and working with children.

We have processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

### **Child Safety – Education and Training for School Staff:**

Rockbank Primary School provides employees and volunteers with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training, DET online modules and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures

for reporting suspicion of child abuse and neglect.

**Risk Management:**

At Rockbank Primary School we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

**Breach of Policy:**

Where an **employee** is suspected of breaching any obligation, duty or responsibility within this Policy, Rockbank Primary School may start the process under Complaints, Misconduct and Unsatisfactory Performance guidelines for managing employment concerns. This may result in disciplinary consequences.

Where the **principal** is suspected of breaching any obligation, duty or responsibility within this policy, the concerned party is advised to contact the Regional Director. Relevant notification should also be made to the Department of Education and Training.
